Certificate of Security Achievement

SECURITY JOURNEY

This certifies that:

Brayan Ruiz Arias

has completed the Path:

Security Journey Developer Training

This learning path is a concise, one-hour mandatory security refresher designed for all developer roles—frontend, backend, full-stack, QA, technical leads, and architects.

-Short, high-signal CWE micro-lessons to build shared understanding of common vulnerability patterns
-Hands-on OWASP Top 10 labs to demonstrate real-world exploitation and remediation
-An AI secure prompting exercise to address modern AI-assisted development risks

Path Duration:
57 minutes

Completed On:
May 05, 2026

Certificate No: 001246-000015
