

# Certificate of Security Achievement

This certifies that:

**Shadi Khalifa**

has completed the Path:

**HackEDU: DevSecOps**

DevSecOps (Development, Security and Operations) is a practice of application security (AppSec) to introduce security earlier into the software development life cycle (also known as "shifting security left"). The DevSecOps course will instruct you on foundational concepts and practical exercises encouraging integrated security thinking. Developers, Security engineers, and Operations (including DevOps) would benefit from this course.

Path Duration:  
**3 hours, 45 minutes**

Completed On:  
**August 30, 2023**

Certificate No: 000238-000026
